January 27 1945
~~February 8, 1945~~

MONTANA HIGHWAY PLANNING SURVEY

COUNTY AND LOCAL FINANCE REPORT
For Fiscal Year Ending June 30, 1943 4

Transmitted herewith is the Montana Local Road Finance Report for the year closing June 30, 1943 4

(1) ~~These data were compiled in some instances from the records of the local units. This was accomplished by field visits. In those cases where the local units submitted their annual reports,~~ which are a true accounting of the unit operations, this department derived the information from the State Examining Department, where the clerks' reports are on file. Through this method of procedure it is believed that the results are, within a reasonable latitude, authentic and reveal the true status of facts.

All local governmental units in Montana operate on the fiscal year basis, they also rarely have any amount of exchange work or transfer of monies from one department to another. The accuracy of the information is further enhanced by the revenue laws within the State which are clearly defined and rarely do two or more types of governmental units participate in the same source of revenue. Thus, with these conditions of fact, the compilation of information is readily made and it is possible to arrive at final results with a greater degree of accuracy than might otherwise be the case.

All information desired was available in the offices of the Clerks and Treasurers for counties, cities and towns, or through records on file in the State Examining Department. Through an analysis of their records, monies having to do with public roads under each unit's jurisdiction were determined as to receipts, disbursements, and the status of bonded indebtedness.

The information gathered is drawn up on the basis of warrants paid, because it was disclosed that the cash account was easier to handle than the warrant account. To facilitate a proper interpretation of these data, the following explanation of each form is given.

Form LF-1 County Road and Bridge Finance Report.

Items 1 and 13, Balances on Hand.

A. Highway Funds. This amount was readily available from the "operation of the funds account", where the counties segregate the amounts of monies on hand for road purposes under the Road fund and Bridge fund.

B. Highway Bond Interest and Sinking Funds. These figures, carried forward from the previous year, were originally computed on the basis of the relative amount of bonds outstanding for road and bridge purposes, in the particular unit, to the total amount of bonds outstanding for all purposes. By virtue of the fact that levies, collections and disbursements for all bond issues within the county are shown in the funds accounts

under one fund, the "Bond Interest and Sinking Fund", it was necessary to arrive at that portion of bonds outstanding for roads and bridges in order to determine the portion of the whole to apply under this item.

2. Receipts from County Revenue Sources.

These receipts were clearly defined on the county records and relatively simple to determine. Under "tax levies" have been listed current and delinquent tax levies for road and bridge purposes.

Miscellaneous receipts in this year studied, such as refunds etc., were treated as deductions from gross as outlined in the comments attached to Mr. Curtiss' letter of September 5, 1940 regarding Montana's county and local fiscal study for 1937, 1938 and 1939.

3. Receipts from the State Government.

All monies listed under this item are fees collected from motor vehicle owners. Actually, the registration fees proper are collected by the counties and retained by them; only that portion collected for transfer, certificate of title fees, etc., being turned over to the State. That portion necessary for administration and operation is used by the State Registrar of Motor Vehicles and the remainder is distributed at odd intervals to the counties in proportion to their total registrations. For the purpose of this study, however, all registration fees were shown as having been received by the State and turned over to the counties.

4. Funds Provided by the Federal Government.

The only item of receipt under this caption is that portion of the Forest Reserve apportionment money which is used for roads. The State receives these monies and redistributes them to the counties, and they in turn allocate two-thirds to the road fund and one-third to the school fund. The apportionment total for the year has been checked with the State figures.

5. Proceeds of Issues of Bonds and Notes.

During the fiscal year ending June 30, 1943, 1944 no bonds were issued. It will be noted that no short term notes are reported; the reason being that all governmental units in Montana operate under the budget system with no legal provision being made for temporary borrowings other than through the issuance of registered short term tax anticipation warrants. The State has determined that the amount of warrants outstanding for county roads and bridges as of 6/30/40 equaled $289,981.62, on 6/30/41 equaled $184,150.54 on 6/30/42 equaled $132,196.33 and on 6/30/43 equaled $60,960.37. It is hoped that this information will prove helpful.

Disbursements During Year

8. Construction and Maintenance of Roads and Bridges.

a. Direct Expenditures by Counties.

The counties made expenditures only on roads under their jurisdiction.

To arrive at that portion of county expenditures for construction or maintenance, it was necessary through their detailed records to segregate those amounts spent which could be definitely allocated to these functions. Even with this close analysis, it should be understood that the minor governmental unit's interpretation of the classification of work varies in accordance with individual viewpoints within each county. Taking this factor into consideration, it is believed a just and proper amount has been established for construction as well as for maintenance work.

Under the present method of county accounting practices, it is felt that it is impossible to arrive at a more satisfactory conclusion regarding construction and maintenance expenditures.

b. Contributions to Other Governmental Agencies for Roads.

This item is the receipt for the year by the City of Butte, Montana, from the Silver Bow County Registration fees. The statutes provide that cities of 35,000 population or over, according to the 1930 U. S. Bureau of the Census Report, shall receive one-half of the registration fees collected by the county from residents within the city limits of that city, these monies to be used for the construction of city streets.

9. Miscellaneous Highway Expenses not Included in Other Items.

Item 9a is made up almost entirely of Salary and per diem payments from the road and bridge funds to County Commissioners and County Surveyors.

c. Under this item has been listed Industrial Accident Premiums or that amount of monies paid during the year by the counties to the State Industrial Accident Board for employee accident insurance. This total has been checked with the State receipts.

10. Debt Service.

To determine the road and bridge bond interest and redemptions, it was necessary, as in items 1 and 13, to first arrive at the proportionate amounts of bonds outstanding for these purposes in relation to the total amount of bonds outstanding for all purposes within each unit.

County records are maintained considering the whole of the issues, with no pretense of a segregation or detail of the various funds making up the total. With this condition it was felt that the only feasible method of arriving at a segregation of road and bridge monies involved was on a percentage basis, or relation of the combined amounts to be expended or disbursed for road and bridge purposes to the amount of the whole issue. This method was used in the analysis of each unit.

Particular care was taken that such operations as that between Silver Bow County and the City of Butte in connection with motor vehicle license

collections were so handled as to preclude inflation if county and city expenditures and original receipts were to be included in one table.

Forms LB-1 and LB-a

These forms were developed to record essential data on county road and bridge bonds.

The data presented are the accumulated totals of all counties within the State, recapped from the analysis of the records of the individual units. The only factor of approximation entering into these statistics is, as has previously been described, the method of determining the amounts of funds having to do with roads and bridges. It is believed that, with this exception, the detail of the forms themselves is self-explanatory and readily yields the information necessary for the proper interpretation of the results shown.

Form LP-2, City Street and Alley Finance Report.

This form is designed to reveal the detail of the receipts and disbursements for streets and alleys of the cities and towns in Montana.

Copy as previous

As in the counties, these data were gathered through personal interviews with the city and town clerks and treasurers, or through information received from the State Examining Department.

To secure the desired results, it was necessary to eliminate the transfer between city general and street and alley funds. In addition it was essential in each instance to determine those special improvement districts which were primarily established for the construction or betterment of streets and alleys in accordance with the interpretation of those classifications of work to be considered. This was accomplished through investigating the records citing the history of the projects undertaken. All special improvement districts within the cities are treated as trust and agency accounts, with a detailed operation of funds records for each one. It was possible through a study of these funds accounts to determine the data essential for the completion of this study.

The desired information was procured from all local units in Montana.

In line with comments received from Washington the LP-2 form has been revised. The closing balances are detailed in accordance with the opening balances, thus enabling a balanced statement to be made for both city general street and alley funds and special improvement district operations. Further it will be noted that as suggested, the receipts and expenditures for street cleaning, street lighting, garbage removal and the construction of sidewalks and sewers have not been included as street functions of municipalities.

The city status in regard to the issuance of short term notes is the same as that of counties, in that there are no statutory provisions permitting this practice. However, the policy of issuing short term tax anticipation registered warrants is practiced among the cities. In some instances in the street and alley funds proper, no registered warrants show against any special improvement district anticipated funds. The

following schedule shows the warrants outstanding as of the beginning and ending of the year.

| Population | Outstanding beginning of year | Outstanding end of year |
|---|---|---|
| 0 - 1,000 | $ 6,186.41 | $ 9,184.69 |
| 1,001 - 2,500 | 453.64 | 1,309.54 |
| 2,501 - 5,000 | 6,548.87 | 4.00 |
| 5,001 - 10,000 | 20,170.10 | 13,701.72 |
| 10,001 - 25,000 | 13,531.84 | 9,500.58 |
| Great Falls | - | $ 4,878.45 |
| Butte | - | - |

Disbursements During Year

The segregation of the direct expenditures from regular city funds, as shown for the year, was compiled from the records of the various cities and towns. Here too, however, as in the counties, there are no set standards and the accuracy of the distribution is entirely dependent upon the reliance which can be placed on the opinions of those officials who have the responsibility for the work.

The segregation of the direct expenditures from special assessment district funds can be accepted with a greater confidence, due to the description of each project which specifically outlines the work undertaken.

Forms LB-2 and LB-2a

These forms for incorporated cities and towns were developed to record essential data on street and alley bonds, including city proper and special assessment districts.

The problems encountered in the development of these data are relatively the same as those for counties. It is believed the forms are self-explanatory and yield the information necessary for the proper interpretation of the data submitted.

Additional data regarding expenditures on Montana's Public Highways by Federal agencies is not included, but will be furnished at a later date.

FORM LF-1

COUNTY ROAD FINANCE REPORT

ALL COUNTIES

State of Montana — For fiscal year ending 6/30/43

## Receipts during year

1. Balance on hand at beginning of year:
   - a. Highway funds - - - - - - - - - - - - - - - - - - - - - - $ 1,188,051.64
   - b. Bond Int. & sinking fund (incl. cash & investments) - - - $ 149,352.58
   - Total - - - - - - - - - - - - - - - - - - - - - - - - - - - $ 1,337,404.22

2. Receipts from county revenue sources:
   - a. Road property tax levies
     - (1) For current work - - - - - - - - - - - - - - - - - - $ 1,282,504.45
     - (2) For debt service - - - - - - - - - - - - - - - - - - $ 212,514.06
     - Total (1+2) - - - - - - - - - - - - - - - - - - - - - - $ 1,495,018.51
   - b. Bridge property tax levies:
     - (1) For current work - - - - - - - - - - - - - - - - - - $ 539,632.92
     - (2) For debt service - - - - - - - - - - - - - - - - - - $ 11,553.71
     - Total (1+2) - - - - - - - - - - - - - - - - - - - - - - $ 551,186.63
   - c. Appropriations from county general or other non-highway funds:
     - (1) For current work - - - - - - - - - - - - - - - - - - $ _____
     - (2) For debt service - - - - - - - - - - - - - - - - - - $ _____
     - Total (1+2) - - - - - - - - - - - - - - - - - - - - - - $ _____
   - d. Motor vehicle registration fees - - - - - - - - - - - - - $ _____
   - e. Receipts from other counties - - - - - - - - - - - - - - $ _____
   - f. Bridge, ferry or road tolls - - - - - - - - - - - - - - $ 491.34
   - g. Earnings of sinking funds (interest, etc.)- - - - - - - - $ _____
   - h. Miscellaneous unclassified receipts - - - - - - - - - - $ 105,434.53
   - Total (a to h incl.) - - - - - - - - - - - - - - - - - - $ 2,152,131.01

3. Receipts from State government:
   - a. Motor vehicle revenue - Registration fees - - - - - - - - $ 1,328,472.33
   - b. Other (specify by note) _____ $ _____
   - _____ $ _____
   - Total (a+b) - - - - - - - - - - - - - - - - - - - - - - $ 1,328,472.33

4. Funds provided by Federal govt. (do not include loans):
   - a. By Public Works Administration - - - - - - - - - - - - - $ _____
   - b. Forest reserve appropriations - - - - - - - - - - - - - $ 53,521.39
   - c. By other agencies (specify by note) _____ $ _____
   - _____ $ _____
   - Total (a+b+c) - - - - - - - - - - - - - - - - - - - - - $ 53,521.39

5. Proceeds of issue of bonds (incl. Federal loans):
   - Bonds
     - (1) Original issues - - - - - - - - - - - $ _____
     - (2) Refunding issues - - - - - - - - - - $ _____
     - Total (1+2) - - - - - - - - - - - - - - - - - - - - - $ _____

6. Total receipts during year (2 to 5 incl.): - - - - - - - - - $ 3,534,124.73

7. Total funds available (1+6): - - - - - - - - - - - - - - - - $ 4,871,528.95
